

LEARNING COMMUNITY SERIES

CONNECT, REFLECT, REDESIGN

Join us to discuss current learning models, keep students at the center, and collaborate on the future of education as we collectively progress to normal.

The CAIS Learning Community Series is a chance to ride the momentum of change and **focus on student connection and learning**. The goal of the community series is to **form trusted relationships outside of your school** in twice per month meetings. During each session we will host short presentations **introducing new models in education** followed by time to **discuss and collaborate with peers**. In-person events will give the group a chance to further their connection twice this year.

WHEN: 7 - 8:00 P.M. (a la carte) TWICE A MONTH THROUGHOUT THE SCHOOL YEAR

Registration for the LCS enables attendees to join the sessions of interest to them; attendance is not required at all sessions.
